

Tallman

OWNERS ASSOCIATION

IMPORTANT INFORMATION REGARDING TRASH REMOVAL SERVICE

If you are a new homeowner of the Tallman Gulch Homeowners Association and need to set up initial trash service, please contact your Community Manager, Lucie Stuchlikova via email: lucie@teleos-services.com or by phone at (303) 829-9346. Please include your name, address, phone number, and whether you need a trash container, recycle container, or one of each.

Per the Association's service agreement with Waste Management:

- * Waste Management will supply each home with one (1) 96 gallon trash container and (1) 96 gallon recycle container.
- * All items for disposal must be in a WM container. Personal owned containers will not be picked up.
- * If you require additional trash or recycle containers, you will need to contact WM directly to have an individually billed account setup and delivery scheduled for any additional containers.
- * Additional containers are priced at \$5.00 per container, per month. There is no charge for delivery.
- * Any additional trash that is not placed in a WM container will not be picked up, i.e., additional bags of trash, cardboard boxes, Christmas trees or other debris. You will need to contact WM directly and request pick up of additional trash items. Bulk items/additional trash removal will be billed directly to the resident at the time of request for service.
- * Waste Management Customer Service (303) 797-1600
- * Trash pick up day is Thursday

We understand that this is not ideal for some residents. Unfortunately, it is the direction Waste Management and most other trash companies have moved and will be practicing moving forward.

For questions regarding your existing trash service please call Waste Management at (303) 797-1600.
